

Regional Chicagoland Chamber's

# on the table

Your voice matters.

Over the past two years, more than 40,000 Chicagoland residents have come together to participate in The Chicago Community Trust's *On the Table*. This annual forum is designed to elevate civic conversation, foster new relationships and create a unifying experience across the region.

The conversations will continue with *On the Table 2016* on **Tuesday, May 10, 2016**.

Join thousands of Chicagoland residents to share a meal and discuss the future of our region. *On the Table* will connect individuals and communities of diverse perspectives and backgrounds. Talking – and listening – to our neighbors is an important first step toward creating a more unified Chicago.

The Chicagoland Chamber of Commerce will be hosting a lunch conversation for directors and staff members from chambers across our region. We hope you will join our lunchtime dialogue. **Join Us.**
